Test Script Details

Chapter No : 17	Chapter Title : Dispensing a Batch		
Test No : 110	Test Title : Ensure Item list of a batch only contains Items which have not been dispensed.		
Test Description : Check for items that have not been fully dispensed or have been de-dispensed. Confirm that previously dispensed Items are removed from the Item List within the dispensing program.			
Method : 1) In the Dispensing/Batch List tab screen, select a batch and press Enter. 2) Select an Item that has not been dispensed (Actual Qty = 0.000000 and Outstanding = Required Qty) and press Enter. 3) Enter a valid Lotno. 4) Select a Balance. 5) Partially dispense this Item. 6) Confirm the Item List still displays the Item after partial dispensing. 7) Complete the dispensing of the Item. 8) At the Continuation screen, press the LABEL REPRINT button to re-print the dispensing label. 9) At the Continuation screen, press the CONTINUE button, to return to the previous screen.			
Expected Result : 1) Processing continues to the Item List tab. PRINT SCREEN the Item List. 2) Processing continues to the Lot Nos selection screen. PRINT SCREEN the Lot List. 3) The List of Available balances is displayed. PRINT SCREEN the List of Available Balances screen. 4) The Balance selected is accepted. 5) Complete a partial dispensing. PRINT SCREEN of the partial weighing final acceptance screen where the Lower Tolerance message and Yellow Colour Bar is displayed. Also PRINT the dispensing label for confirmation. 6) Confirm the Item List still displays the Item after partial dispensing. PRINT SCREEN of the Item List. The Actual Qty reflects the Nett Weight of the partial weighing and the Outstanding Qty will be updated. 7) Complete the dispensing. PRINT SCREEN the weighing final acceptance screen where the Accept Weighing message and Green Colour Bar are displayed. Also PRINT the dispensing label for confirmation. 8) The dispensing label is reprinted. The label contains R for a reprint. PRINT the label which contains R for Reprint. 9) The Batch Item List DOES NOT display the fully dispensed Item. PRINT SCREEN the Item List as confirmation.
